OFFICE AND PACKING GROUNDS ON CENTER STREET, 1 BLOCK SOUTH OF THE
WABASH DEPOT. TELEPHONE, NO. 22.

TO THE TRADE.

We herewith present our semi-annual trade list for fall of 1888. Thanking our many patrons for past favors we trust our dealings with you have been such as to merit a continuance of your business. With our very low prices and a large fine stock, with careful handling of the same, we intend to treat all old and new patrons so as to merit all confidence bestowed.

We are located in the south-west part of the state on the Chicago, Burlington & Quincy, Wabash, St. Louis & Pacific, and Humeston & Shenandoah railroads, 45 miles from Council Bluffs and 25 miles east of Nebraska City. We have both the American and Pacific Express Companies. Two of the depots are within 1 block of our packing ground and the other only $\frac{1}{2}$ a mile, thus enabling us to despatch our business with expedience.

SELECTION OF VARIETIES

We reserve the selection of varieties, but will adhere to the purchaser's wishes as closely as the condition of our stock will admit. When substitution cannot be made it must be so stated in the order.

Special attention given to packing, for which we charge cost of material. All stock delivered at the depot or express office free of charge, after which it is entirely at the risk of the purchaser.

Any errors of ours in filling orders, cheerfully corrected if notified of the same within six days after receipt of goods, otherwise no claim for shortage allowed.

Prices given in this list are for the quantities specified, but we follow the usual custom and furnish five at ten rates, fifty at one hundred rates and five hundred at one thousand rates.

Orders should be written plainly, giving full and explicit directions as to route and manner in which stock is to be shipped.

Prices herein are limited to fall of 1888.

TERMS OF PAYMENT.

Cash before shipment unless otherwise agreed upon. Remit by bank draft on Chicago, St. Louis or New York, money order or currency by express, prepaid.

Dealers will find our facilities for packing good and our stock first class. Correspondence solicited.

We have telephone connections, and all telegraph messages are transmitted to us at once and receive prompt attention.

Our soil is unsurpassed in the production of healthy, vigorous stock. We have good sheds and cellars and pack our stock in moss. Our workmen are experienced, practical men, and our patrons can depend on stock bought of us being handled with order and dispatch, and in the best possible manner to secure safe transportation.
